

Finding apps in the language you need

Click on 'Browse by language' tab at the top of every page, which will give you a list of languages available.

Click on the language you need. You will then get a full list of relevant apps.

There are **28** apps available in Swedish

Next, you may want to order or filter this list. (Please see separate instruction sheet on how to do this)

To view further information about an individual app click on the logo.
