

Ordering results

Whether you look for apps via the search box or via health categories you can order your results

- Alphabetically (A-z or Z-a)
- By cost (from High to Low; or Low to High)
- By heart rating (highest first; or lowest first)

Filtering results

As well as changing the order of your search result, you can also filter your list. For example, you can click on 'filter by' to choose:

- **Platform:** which type of phone or device you need the app to work on (platforms choices are Apple, Android, Blackberry, Nokia or other web Browser)
- **Language:** which language you need. The apps reviewed on this website are available in 47 languages (the full list can be found by clicking browse by language at the top of the screen)
- This can help you find the specific app you need quickly.
